DESIGN WITH BISON

Every door begins with an idea — yours.

At **BISON** Doors, we design and manufacture bespoke architectural doors tailored to every project type - from private villas and hotels to corporate offices and industrial complexes.

Every door is built to perform, integrating aesthetics, strength, and smart technology. From the warmth of wood to the precision of porcelain, we combine design with engineering to craft doors that elevate spaces.

At **BISON** Doors, customization is not an add-on, it's the foundation of everything we build. Our team collaborates with architects, designers, and clients to translate concepts into engineered, manufacturable designs. Each door is crafted around your space, your finishes, and your imagination.

The Design Journey...

CONCEPT & VISION

We design with your design language - minimalist, monolithic, or ornate

MATERIALS & SPECIFICATIONS

Door Leaf | Frames | Thresholds | Handles | Hinges | Smart Access

DESIGN DETAILING & ENGINEERING

Shop drawings are shared for client and consultant approval, ensuring technical compatibility with site dimensions, wall thicknesses, and architectural finishes.

CRAFTING, FINISHING & DELIVERY

The final door is quality-checked for alignment, sheen, and performance before being packed for delivery and on-site installation.

POST SALES SUPPORT

We provide a **10 years warranty** for your doors.

The image displays architectural drawings for a building facade and floor plans. The main drawing is an elevation view from the outside, showing a facade with a grid of panels. The panels are labeled 'F' (Fixed) and 'SP' (Sliding). The elevation is divided into sections by horizontal lines indicating different levels: ROOF F.F.L. (+12.925mm), ROOF F.F.L. (+9.000mm), FIRST F.F.L. (+4.800mm), and F.F.L. (+0.300mm). The elevation shows a central entrance with a door and a window. The door is labeled 'RECESSED HANDLE' and 'NUMERICAL LOCK'. The window is labeled 'HAIRLINE JOINT' and '3mm THK. PPC ALUM. SHEET'. The elevation also shows a '3mm THK. PPC ALUM. SHEET' and 'HAIRLINE JOINT' on the right side.
